Make sure to emphasize that the cuts need to be as square as possible (90 degree angles). Then buy Polyurethane Varnish and varnish the boards. If you do not want to do that, **you can purchase the Art Board from me for \$15, but let me know well ahead of time, so I can prepare it.**

*** And, finally, **please buy the brands that I have listed.** It makes is a lot easier for the student, and saves me class time. ***

*** **I have attached images of some of the materials on the list below.** This is not a complete list, but helps in selection of the materials. Prices have changed somewhat.
